CONDITIONS AND RATES OF THE TRIESTE PORT SERVICE

This document regulates the movement and hauling of railway wagons and trains, arriving at and departing from the Port of Trieste area (Porto Franco Nuovo – PFN and Industrial Port), as well as the relevant ancillary activities carried out by Adriafer S.r.l. as Sole Manager appointed by the district operators with resolution no.545/2018 of the AdspMAO President.

Adriafer S.r.l holds the Unique Safety Certificate No. EU1020220162, issued by ERA.

Definitions:

Movement services: operations of assembling and disassembling of rolling stock and execution of required composing and detaching of trains; moving rolling stock from place to place on the premises in compliance with the current laws in effect.

Operating regulations: operating regulations that govern railway safety via application of national safety laws.

Infrastructure Manager: manager of the National Railway Infrastructure (IFN) – RFI and the IFN under the authority of the Port System of the Eastern Adriatic Sea (AdSP – Trieste).

Terminal Manager: entity that coordinates movement activities and terminal handling, point of contact for various operators (trackmen, forwarders, MTO, railway business, etc.). When port terminal operators request a movement service, they are hereafter referred to as Clients.

Customs Railway Crossing: International Port of Trieste railway entry and exit checkpoints, where Railway Business operators or their representatives present documentation, and trains are checked by the *GDF*.

Port Railway Service (SFP): activities carried out by Adriafer S.r.l as a service provider.

Railway Businesses: ANSF certified, providing railway transport on the national and international railway networks. The main railway businesses who operate at Trieste Campo Marzio have an agreement with Adriafer for carrier services on RFI railways at Trieste Campo Marzio. There are procedures in place for carrier service providers based on this agreement. Railway businesses who operate wagons compliant with the legal norms in effect, are defined as Railway Businesses, and when they request a movement service, they will be referred to hereafter as Clients.

Terminal operators, and/or Multimodal Transport Operators (MTOs): forwarders and/or receivers of transport who request a move will hereafter be referred to as Clients.

A – PORT AND RELEVANT LOGISTICS

Service

Adriafer S.r.l offers ancillary services to railway transport, movement and hauling of railway wagons and trains arriving in and departing from the Port of Trieste area, as well as relative complementary activities at the rates indicated in SEC II., for companies who offer railway transport, terminal operators, MTOs (Multi Transport Operators) and operators in general (forwarders and/or receivers).

Adriafer S.r.l. carries out the operations within the limits set by the railway infrastructure and by the technical and human resources at its disposal, as stated by the District Planning Document, and when external factors do not persist.

SECTION I – SFP GENERAL TERMS AND CONDITIONS

Operating hours

The operating hours of the Port Railway Service operated by Adriafer are as follows:

Operational Sector

For the **Porto Franco Nuovo** – 24 hours a day, 7 days a week;

For the **Industrial Port** – Monday to Friday 08:30 - 17:30, subject to variations based on the scheduled trains, in the District Planning Document;

For the **Interporto di Trieste** (intermodal freight terminal) – Monday to Saturday 8.00 – 0.00; subject to variations based on the scheduled trains, in the District Planning Document;

For **PLT** from Monday to Sunday 08.00 - 20.30; timetables may be subject to change depending on the definition of the Scheduling Document of the District, concerning scheduled trains;

For **FREEeste** depending on the definition of the Scheduling Document of the District, concerning scheduled trains;

Special services

Requests for services that have not been agreed upon in advance and that differ from the services scheduled during the week and published in the District Schedule, are extraordinary and must be submitted 24 hours in advance and will be accepted within the limits of available human and technical resources and facilities.

Company subject to the management and coordination of Autorità di Sistema Portuale del Mare Adriatico Orientale

In compliance with Art. 13 of Law Decree no. 196/03 and Regulation EU 679/2016 GDPR, we inform you that the personal data that are/can be gathered during the contract period are or can be processed by our Company for contract, administrative, accounting and marketing purposes related solely to the products and services we propose and, more in general, in compliance with the above mentioned regulations and with the privacy and security obligations they include. The complete information can be found at the website: www.adriafer.com.

Non-working days

Normally non-working days are those days on which terminal operators affiliated with the railway are not on duty. The following are, but not limited to, examples of non-working days:

January 1st, Easter Sunday and Monday, 25th April 1st May, 15th August, 1st and 3rd November Patron Saint's Day, 8th December 25th and 26th December.

Should it be necessary to request an operation on one of the above-mentioned days, it can be arranged as a special service.

Administrative sector

Monday to Friday from 8 a.m. to 3.36 p.m.

Services to Clients and Terms of Service

Given that Adriafer Clients are those accredited and considered trustworthy as per Adriafer procedures, here are the definitions of the activities carried out by Sole Manager as services to clients.

1. **Regular services** (complete train terminal services) are carried out by Adriafer and in accordance with the district planning document shared among RFI, IF and Port System Terminals. Adriafer is committed to providing railway fleet movements in accordance with the district planning document and those movements executed in Operational Handling previously agreed upon with Adriafer. In case of delays of departing and arriving trains, as well as execution of planned movements, Adriafer adopts in its contracts a system for monitoring the quality of the movement services, in compliance measure 12 of the ART 130/2019 with particular reference to the movement times the parties agree upon in the SLA (Service Level Agreement) contained in the contract between SM and RB.
2. The cost of operations and **additional movements** after the stationing of arriving and departing wagons/trains at regularly determined spots, are charged to the Client requesting the service.

The Client requesting the service must abide by the regulations relative to the goods being transported and the application of the same, as well as any regulation issued by the Public Authority. Furthermore, according to the present service regulations, the Client is charged for any type of request for moving services during port stopovers and is required to compensate for any damages to RPS rolling stock, personnel and vehicles.

If the Client has not communicated in a timely fashion the location where the wagons

Registered with the Register of Companies of Venezia Giulia under registration no./fiscal code/VAT number
01033440320 Share capital Euro 2.100.000,00 i.v.

Company subject to the management and coordination of Autorità di Sistema Portuale del Mare Adriatico Orientale

In compliance with Art. 13 of Law Decree no. 196/03 and Regulation EU 679/2016 GDPR, we inform you that the personal data that are/can be gathered during the contract period are or can be processed by our Company for contract, administrative, accounting and marketing purposes related solely to the products and services we propose and, more in general, in compliance with the above mentioned regulations and with the privacy and security obligations they include. The complete information can be found at the website: www.adriafer.com.

and trains need to be situated, or if the location is not available (also due to other wagons waiting to be loaded or unloaded), or access is obstructed or service or safety issues persist, the wagons will be distributed in other available locations, predetermined or deemed appropriate by Adriafer. **Any other moving requests by the Client or subsequent above listed reasons are charged to the Client.**

All movement of wagons requested subsequent to the previous point (delivery/repeat delivery from/within the terminal) are charged to the Client, based on the specific rates determined for “Ancillary Services” and must be agreed upon in advance with the Planning and Moving Office of the RPS. **All moving of railway wagons requested by the Client that is not part of the railway shipment or reshipment are charged to the Client.**

Adriafer reserves the right to refuse wagons whose freight is not compliant with the safety regulations relative to rail transport. Wagons departing from the port that cannot be accepted by the railway carrier because non-compliant with the technical load regulations or lacking transport documents or for other causes attributed to the loading Client, are transferred from the departure platforms to another available platform in the port area, with the related moving charges and any stops accumulated by the requesting Client.

Adriafer is not responsible for the defining of the transport contract and its clauses between the Client and the railway company. In the case of closed wagons, any damage to them and/or freight detected upon unloading, must be immediately and directly escalated by the Client to the managing body of the railway company, requesting action and suspending unloading until the action is completed.

Following the unloading operation, if the wagons need to be returned empty to Adriafer, the Client has the obligation to clean them. Any waste resulting from unloading and cleaning operations must be disposed of in the appropriate containers inside the terminals. Wagons that are considered dirty, with load residue, etc., will be placed aside by Adriafer on a platform at the port stopover. These wagons will remain at the Client’s disposal who will have to arrange their cleaning at own expense, with the addition of any moving charges and stops to be paid to Adriafer. Requests for wagon parking must be presented to Adriafer according to the section “Terms for Moving Service Orders”. Wagons with containers, either full or empty, arriving by rail to Punto Franco Nuovo at the Trieste Port and for which the receiver has not provided any information in due time regarding a delivery location, will initially be placed in the moving area of the stopover, and then upon Client’s request/instructions, transferred to the points where they will have to be parked. The charges for such a parking maneuver will be the Client’s responsibility. For complete or planned “multiclient” trains, Adriafer hires a Shipping logistics operator and/or M.T.O. (Multimodal Transport Operator). In such cases a charge of **€65,00 per wagon** will be applied.

Rate Code **Stopover/Parking fees of rolling stock at the PFN platforms.**

Free of charge fleet parking is offered for the first 24 hours from the moment a fleet enters Adriafer park or from the moment it is extracted from the terminal after unloading.

Note: The parking of fleets containing dangerous goods is forbidden.

04.02 For each additional 24h interval**65,00 (€/wagon)**

SERVICE REQUESTS THROUGH THE ELECTRONIC SYSTEM FOR MOVEMENT HANDLING

Movement services will have to be requested through the SIA (Adriafer Electronic System), to which operators access via password or PIC in case of a railway business. The system’s point of reference is the District Planning Document, which gathers the requests of ordinary traceability from railway businesses shared with the Terminals and Adriafer.

If the electronic system is temporarily unavailable, a movement request should be sent via email using the specific form (Attachment 1) to trazioni.adriafer@adriafer.com and ordinazioni.adriafer@adriafer.com. No requests will be accepted over the phone.

Company subject to the management and coordination of Autorità di Sistema Portuale del Mare Adriatico Orientale

In compliance with Art. 13 of Law Decree no. 196/03 and Regulation EU 679/2016 GDPR, we inform you that the personal data that are/can be gathered during the contract period are or can be processed by our Company for contract, administrative, accounting and marketing purposes related solely to the products and services we propose and, more in general, in compliance with the above mentioned regulations and with the privacy and security obligations they include. The complete information can be found at the website: www.adriafer.com.

PAYMENTS AND GUARANTEES

The financial guarantees provided by the Client for the obligations deriving from the transport contract for the “movement service” are regulated by the agreement with the Client and services will be provided upon the payment of a deposit or bank guarantee equivalent to a two-month payment, which is calculated based on the first 8 months of year 2022.

Adriafer S.r.l. will collect the deposit or guarantee if the payment is not made after the third reminder sent by the administrative offices of the Company.

The payment of movement and ancillary services provided by Adriafer is made as follows:

The Client must pay within 30 days of the invoice issuing date by means of a bank transfer, with fixed value date for beneficiary, to the bank account specified in the Client agreement. Adriafer reserves the right to require guarantees for this form of payment.

For proper payment transmission, the Client must issue bank wire transfers to one of the following IBAN codes:

IBAN: IT 94 Y 08928 02200 010000045074 – BIC: CCRTIT2TV00 – ZKB – branch of Opicina;

IBAN: IT 48 T 01030 02230 000004216455 – BIC: PASCITM1TST – MPS – branch of Trieste;

IBAN: IT 34 A 0862202200023000001583 – BIC: CCRTIT2T96A – BCR – branch of Trieste.

IBAN: IT 46 J 02008 02230 000106982893 – BIC: UNCRITMM – UNICREDIT BANCA – branch of Trieste

In case of a late payment, interests will be paid to the carrier at the rate established by credit collection agencies. Should an early payment be made for the transport services, the Client must provide the carrier with the proof of payment.

Based on a significant number of requests made by Clients regarding planned moving of trains during the year, Adriafer is willing to define SPECIAL AGREEMENTS, binding for all parties, which allow a better organization of moving services, determining also better pricing compared to those indicated above.

The current general conditions for movement services refer to Italian laws, civil code, and regulations in effect that are relevant to the subject matter. Any resulting controversies will fall under the jurisdiction of the Tribunal of Trieste.

Annexes:

- Annex 1a – Request form for TSCM movement in case of SIA malfunctioning;
- Annex 1b – Request form for PFN movement in case of SIA malfunctioning;
- Annex 2 – Model contract between Sole Manager of the movement and IF;
- Annex 3 – Description of service facility;
- Annex 4 – Facility plant.
